### EDUCATION

B.E. in Computer Science and Engineering Scored : 7.096 CGPA  
SRM University | 2018 – 2021

Diploma in Computer Engineering  
SRM - VEC | 2015 – 2018 | Scored: 72%

SSLC (10th Standard)  
SSLC Board | 2015 | Scored: 71%

### KEY SKILLS

- Programming Languages  
C# (MVC), ASP.NET 4.8, Python.
- Web Development & Frameworks  
HTML5, CSS3, React Js  
Tailwind Css, Bootstrap 5,  
JavaScript, jQuery, AJAXPOST.
- APIs & Tools:  
Http Web Client ,Postman,fastAPI
- Database:  
MS SQL Server(SSMS), SQLite.

### OBJECTIVE

Full-Stack Developer specializing in .NET, skilled in building robust web apps using C#, ASP.NET MVC, and Python for real time document parse. Experienced in crafting responsive UIs with HTML5, CSS3, Bootstrap, and jQuery to boost user experience and efficiency.

### EXPERIENCE SUMMARY

Software Developer | SCM Cube Technologies | Chennai  
Web Application Development | .NET Platform  
Nov 2022 - Present - 3 years.

- Developed scalable backend systems using C#, ASP.NET MVC, and SQL Server.
- Ensured secure data handling and supported high-concurrency user access.
- Integrated Python (.exe) apps with EasyOCR for automated document processing.
- Achieved 80% efficiency gain and over 90% accuracy in text extraction.
- Linked Python and C# Web APIs for real-time, seamless data exchange.
- Reduced manual data entry efforts by 50% through automation.
- Built import/export modules for ERP using ASP.NET MVC, improving workflow speed.
- Cut data processing time by 15% with optimized module design.
- Automated email reading, parsing, and SQL-based data storage.
- Created smart reply workflows, boosting communication efficiency significantly.

## SOFT SKILLS

- Communication
- Teamwork
- Time Management
- Decision-Making
- Adaptability
- Leadership
- Resourcefulness

## CERTIFICATIONS

- GUVI GEEK NETWORKS,  
IITM RESEARCH PARK ( MADRAS)
- Python Programming Certification
  - Web Development Fundamentals
  - MS Sql Server 2019 Certification
  - Machine Learning Foundations
  - Software Engineering Certification

## Areas of Interest

- Web Application Development
- Artificial Intelligence & Machine Learning
- Database Design & Optimization

## EXPERIENCE SUMMARY

- Results-driven Developer with 3 years of experience in building and deploying high-performance, user-centric web applications using HTML5, React.js, Bootstrap, C#, ASP.NET MVC, and Python. Skilled in automating workflows (Achieving up to 90% efficiency gains) and integrating cross-platform solutions seamlessly
- Specific technologies:  
HTML5, Bootstrap, C#, ASP.NET MVC, and Python.

## TECHNICAL PROFICIENCY

- Developed and deployed web apps using ASP.NET MVC for smooth user experiences.
- Integrated C# Web APIs, increasing data exchange efficiency by 80%.
- Automated document workflows with RESTful APIs, boosting productivity.
- Built Python-based OCR tools for extracting text from scanned and native PDFs.
- Combined OCR with C# APIs to enhance document processing accuracy.
- Created standalone Python executables (.exe) using EasyOCR for 90% improved accuracy.
- Proficient in handling API calls, request/response cycles, and custom exceptions in C#.
- Managed file operations and threading for scalable and secure applications.
- Optimized backend services for performance, stability, and integration.
- Adept at building robust, production-ready tools with Python and .NET technologies.

## DECLARATION

I hereby declare that all the above details are true to the best of my knowledge.

**Date:** June , 2025

**Place:** Chennai 603202
